

CHARLES C. SMITH

Superintendent of Schools

To The Class of 1946:

When you leave our halls, we trust you will carry with you some pleasant memories of the teachers and students who helped to shape your destiny.

As you go out into life you will learn that:

"All the habits of our living,
Be they e'er so light and free,
Leave an imprint in the making
Of our personality.

When we fit our daily actions,
To the man we'd like to be,
He's the man we are becoming,
And in time shall come to be."

FRANCES MALONE

Principal

Seniors:—

My best wishes go out to you as you take your respective places in Society. Each one of you has a contribution to make to humanity. It is your duty to ever maintain those high standards of achievement and character which have been your ideals.

Yours is a world sorely in need of adjustment. This will be an opportunity for you to confront it with a vision for the future, the kind of a future you want.

Accept your part of the responsibility which will eventually achieve brotherhood in a democratic world. Perform your duties enthusiastically and zealously and yours will be a life full and rich in blessings and privileges.

Sincerely,
Frances Malone

HOLSTEIN HISTORY CLUB

The Holstein History Club was founded in 1944, by H. V. Maiale. The club name originated from one of the early families that settled in Bridgeport, the Holstein family. The program of the History Club is to stimulate Historical research among our students.

This year the club participated in the Bucks-Montgomery County Forum, and sent material to the Pennsylvania Historical Commissions to be published in the Pennsylvania Junior Historian. The club also had representatives take part in the annual meeting of the Pennsylvania Junior Historians held in Philadelphia.
